

“Now in their fourth year, the THS Awards celebrate some of the industry’s finest innovations as well as time-tested solutions.

As ever, the standard was exceptionally high this year, with a record number of nominations, the THS Awards are going from strength to strength. These awards give us the chance to recognise the **best in the business** and reward the dedication of the **industry’s finest**.

We have spent endless hours over the last few months poring over the **standout products and services** that have made a splash in the pages of Tomorrow’s Health & Safety over the past year. We were looking for **companies whose efforts and innovations make a real difference to the safety and wellbeing of the UK workforce**; from familiar faces, to the new kids on the block. It was no easy task to decide the list of nominees.

We **whittled down hundreds of nominations to just 50 finalists**. Over the course of three months, thousands voted for the product or service they believe should be recognised for making an **outstanding contribution to the industry...**”

Final Results
