

LOOKING AFTER PEOPLE'S SAFETY AND WELL-BEING

HEALTH AND SAFETY CAMPAIGNS TAILORED TO YOUR BUSINESS ACTIVITIES

Here's an example of how MNBS has helped one organisation get their message across:

Prevent a strike from height
On average, 20 people are killed each year in the UK by a falling object at a place of work.

Over an edge. Over a ledge.
Stop that drop !

Hazardous Substances

Do you really know what you're Handling? Breathing in? Ingesting?
Get to know the hazardous substances you work with. Follow safe work practices. Always practice good housekeeping and personal cleanliness.

You don't have to be exposed.

Don't lose touch.
Prolonged use of power tools can cause injury and permanent ill-health over time.

Loss of grip is just one symptom of hand-arm vibration syndrome.
How would that affect your everyday living?

Stop HAVS before it stops YOU.

KEEP A SHARP LOOKOUT

Hands are a valuable tool. Protect them.
